FOR SPEED LOVERS

Driving is a unforgettable way to discover Lake Como as you leisurely wind your way along iconic roads. Nestled among the foothills of the Alps, the region is renowned for its dramatic scenery – and there's no more spectacular way to explore all this than behind the wheel of a classic or sports car.

FOR SPEED LOVERS

Self-drive classic cars

Villa d'Este can organise tailor-made tours in partnership with classic Italian car brands, such as Alfa Romeo and Fiat, all of which begin at the hotel. Several routes are available to guests, including a day trip along the shores of Lake Como from Tremezzo to Bellagio, or even as far as Lugano, in Switzerland, for those keen to drive between the two countries. To complete your experience, we suggest adding roadside assistance services, such as a safety car that provides 'Leading Assistance' in front or 'Shadow Assistance' behind at a discreet distance (additional costs apply).

Italian supercar tour on Lake Como

Nothing makes a stay at Villa d'Este more special than being fully independent while also enjoying the luxury of Italian craftsmanship in a striking red Ferrari or Lamborghini.

The Villa d'Este supercar tour starts at the hotel in the morning. A tour director will show guests how to drive the car, providing guidance on how to drive safely in sports mode.

Guests can choose from a range of car models, including the Ferrari Portofino, Lamborghini Urus, Porsche and others. The package includes 150 km of self-driving per day.
